<b>Summary</b>	
<b>Scholarship Criteria*</b> <i>List criteria in order of importance (1 most/5 least)</i> <i>*Please consider limiting criteria to 4/5 or less</i>  <b>Mandatory:</b> Place an “M” next to up to 2 criteria you wish to make mandatory	Sample criteria from <a href="#">2022 Scholarships</a>  <b>Sport Criteria</b> Many booster clubs require Junior and Senior year participation or at least 2 years or 3 years, etc. I think one just requires Senior year participation.  <b>Well Roundedness</b> We create a composite score that we think is a good judge of a student’s overall effort/achievement: includes academics, activities, work, volunteering and a written essay  <b>Academic Achievement</b> If you want to focus more on education achievement or level, you could focus on a GPA minimum. We have a couple donors that purposely target a middle-ish GPA, giving the B-students an extra shot they might not otherwise get.  <b>Financial Need</b> If you want that to be considered, you’ll want to indicate that they should submit the FAFSA.
